MARVEL SUPER HEROES™

ADVENTURE FOLD-UP™ Figures

What we give you:

With this set of ADVENTURE FOLD-UP™ Figures you get four sheets of cardboard to create 3-D figures.

What you need to get:

You need scissors and paper clips. Depending upon how you want to hold the figures together you will need either glue or tape. Read ALL the instructions before beginning to put together the figures.

How to put together MARVEL SUPER HEROES™ ADVENTURE FOLD-UP Figures

- 1) Cut out the figures.

On the four cardboard sheets are 120 Marvel Comics Group figures. Each is surrounded by a heavy black line and some light black lines. Cut along the heavy line, NOT along the light lines.

- 2) Fold the figures.

Your cut out figure should have three light lines on it. Fold the cardboard on each light line so that the picture is on the outside.

Hint: If you have trouble making a straight fold, use a ruler. Put the ruler on the back of the cut out figure. Line up the light line with the edge of the ruler and press down until a straight crease appears.

- 3) Glue or tape the flap.

One of the four panels on the cut out figure is labeled "GLUE HERE." Put a small dab of glue on this panel.

Hint: If you want to be able to take apart the stand-up, use tape or a paper clip to hold the figure together.

- 4) Attach the back flap.

Fold the cardboard until the "GLUE HERE" panel is hidden by the panel showing the figure's back. The figure should look like a hollow triangular tube.

Hint: For a good fit make sure that the edge of the figure fits tight against the crease.

- 5) Paper clip the back.

To hold the figure while the glue dries, put a paper clip on the back panel so that it holds the stand-up together.

If the stand-ups fall over, tape a penny to the bottom. This provides some extra weight and helps prevent the stand-up from tipping over.

How to use MARVEL SUPER HEROES ADVENTURE FOLD-UP™ Figures

In the game box you were given some cardboard punch-out counters. Each depicted a Marvel Comics Group hero or villain and had an arrow in one corner.

These stand-ups replace most of those counters for use in the game. The stand-up is triangular with the character facing one of the points of the triangle. That corner is used just like the arrows are used with the flat counters in the original game. It shows exactly the character's location on the map.

If a hero or villain is on the ground, just lay the stand-up down on the map. If you look at the pictures on each face you will notice that he can be on his back or on his stomach.
